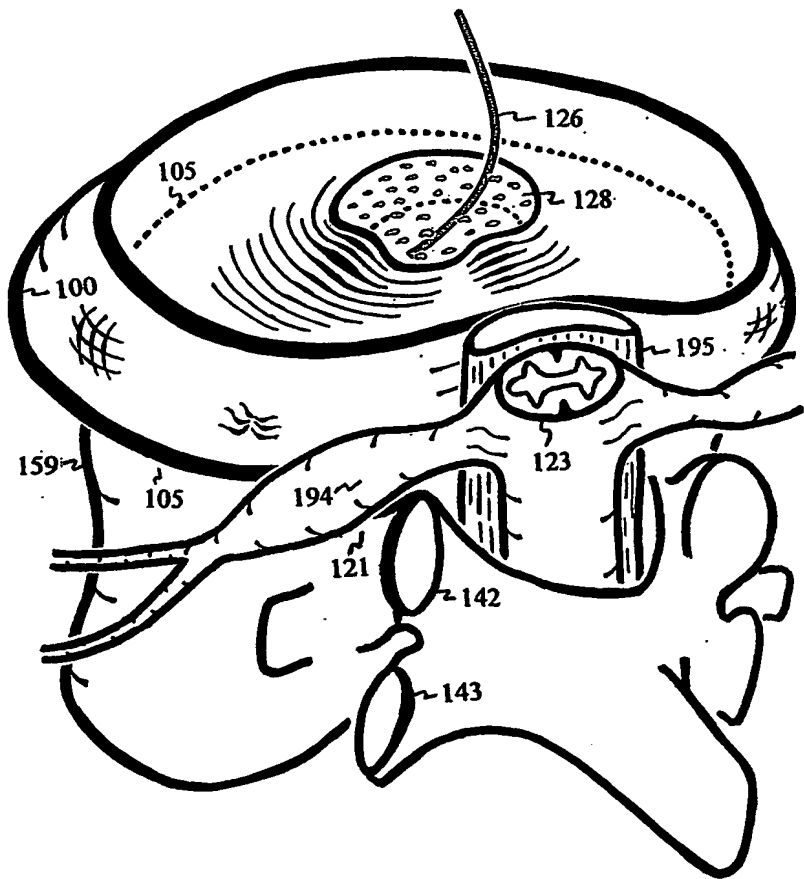

Figure 49

Figure 50 is a schematic diagram of a curved member, possibly a pipe or duct, shown in a perspective view. The member is L-shaped, with a horizontal section on the left and a vertical section on the right. The horizontal section has a flange or end plate at its left end. Various structural features are labeled with reference numerals: 109 points to the flange; 126 points to the main body of the horizontal section; 101 points to the main body of the vertical section; and 269 points to a small, curved, hook-like feature at the top of the vertical section. The member is shown with a double-line outline to indicate its three-dimensional form.
